Re: FOIA Request

We are requesting copies of all scientific studies and research data, including references to other supporting data or literature, that was submitted in support of supplement S020 for PMA # P860004. This is for the Medtronic SynchroMed programmable pump, specifically the added indication for pain of non-malignant origin approved in 1991.

We are willing to pay the fees specified for noncommercial use requestors.

Thank you very much,

Jeanne Sears
